EXPERIENCE AND ACHIEVEMENTS

CHARTER PILOT - PART 135 | SAFETY OFFICER

SKY TREK AVIATION, Modesto, CA
2012—Present

Handpicked by a leading west coast charter to assume command and control for safe and efficient aircraft transportation of company executives. Significantly improved safety and efficiency of flight operations that contributed to company's competitive edge.

- Delivered outstanding customer service to passengers while flying sorties throughout North and South America, Hawaii, and Europe.

CHARTER PILOT - PART 135 | SAFETY OFFICER *(continued)*

- Improved safety by developing seminars in Crew Resource Management (CRM). Subjects taught to pilots included clear and direct cockpit communications, decision-making, situational awareness, error management, and monitoring of automated equipment.
- Performed fuel and Weight & Balance calculations, flight routing, and weather planning.
- Currently assisting with execution of Wyvern Consulting's Pilot & Aircraft Safety Survey (PASS) safety audit program.

LINE PILOT - PARTS 125 AND 135**GRANT AVIATION, Anchorage, AK**

2008—2012

Brought on board by one of Alaska's premier airlines and air taxis to fly passengers and freight into gravel strips at small villages. Excelled in attentive customer service and safe conduct of flights throughout south-central and western Alaska.

- Increased passenger retention 18% by implementing customer-satisfaction initiatives.
- Carried out over 2000 sorties under budget and without a single maintenance or flight delay.

CERTIFIED FLIGHT INSTRUCTOR PILOT - PART 141**AVIATOR FLIGHT TRAINING
ACADEMY, Fort Pierce, FL 2004—2008**

Hired by the region's busiest flight training academy to teach Private, Commercial, and Instrument curricula to predominantly foreign student pilots. Evaluated progress of flight trainees and assigned remedial activities as needed.

- Engaged and motivated students of mixed levels with innovative demonstrations of concepts taught in ground school.
- Trained and recommended 18 applicants for flight tests. All 18 passed their flight tests on their first attempt.

EDUCATION AND TRAINING**B.S. (*cum laude*), Political Science, San Jose State University, 2001**

- Inside/Outside the Cockpit - Resource Management for Crew & Single Pilot (CRM), FAA, 2009
- King Air Pilot Training, FlyRight, Inc., 2009
- Certified Flight Instructor-Instrument, Aviator Flight Training Academy, 2001
- Multi-engine Instrument, Aviator Flight Training Academy, 2001

AWARDS AND HONORS

- Master CFI, National Association of Flight Instructors (NAFI), 2005
- Gold Seal Flight Instructor Certificate, FAA, 2004
